New Zealand

As an established NZ law firm, K3 has assisted a number of Hong Kong businesses with setup and ongoing support in New Zealand. We have assisted businesses with the following services:

- Our immigration team will organize all visas necessary to operate.
- Our commercial team can ensure the NZ entity has the appropriate structure, agreements, commercial contracts and premises.
- Our HR team, in partnership with our K3 Consulting colleagues, will put in places the correct employment structure, contracts, hiring policies and can also assist on an ongoing basis.
- Our colleagues at K3 Accounting can assist organisations of sizes with their financial setup and management once, or on an ongoing basis.

Being involved in financial services meant there was a raft of compliance obligations our company had to consider before moving into the New Zealand market. K3 was extremely responsive and provided us with the tools we needed to, firstly, understand, and secondly, manage, these obligations to ensure we could hit the ground running.
